

CHAPTER 10

Discussion with spirit guide
President John Kennedy

PRESIDENT KENNEDY (laughing): No, no, no. Don't turn off that television set, Dr. Frick. Go ahead and watch those "I Love Lucy" reruns while I write through you.

GF: For some reason, I feel a sense of peace when I watch those reruns.

PRESIDENT KENNEDY (laughing): Maybe you ought to meditate a little more. Ha, ha, ha, ha. . . . (still laughing) or better yet, maybe "Lucille Ball" could write some comedy through you someday. If she does, I certainly wouldn't object to it, but count me out! Ha, ha, ha, ha.

GF: “Abraham Lincoln” said that he would write a chapter through me explaining the significance of the past three chapters.

PRESIDENT KENNEDY: What is there to explain? I don’t understand. I believe those past three chapters speak for themselves.
